MARSHALL DAY
Acoustics 

DIRECTOR'S WELCOME

Welcome, one and all, to the Engineering Revue 2022! Thank you for taking the time to be here to support your friends, family, co-workers, and most importantly, our club. Our student run stage show would never be able to have this amount of success if it wasn't for you all, whether you loaned us your truck to transport props or you shared our event around your friends, we are extremely grateful.

It has been my absolute pleasure to direct this year's show which showcases many of our talented engineers. Their dedication, work ethic and ability to put a smile on everyone's face has made this job so much more enjoyable and rewarding. So a massive thank you to our talented cast and crew.

A particular thank you to the executive team, who have dedicated many hours and consumed unethical amounts of Redbull, in order to ensure that this show is the best it can be. The memories that I now have as the Director, will have a special place in my heart for many years to come.

I hope that you will enjoy the show tonight as much as we will enjoy performing for you. Now please, sit back and enjoy the show

Chantelle Haywood - Executive Director

PRODUCER'S WELCOME

There's too many people to thank and not enough space, but we're going to try our best. The show you're about to see tonight is a culmination of countless hours of effort, dedication and enthusiasm from an enormous number of people, and we couldn't be more thankful.

Firstly, a thank you to our sponsors - this show wouldn't be possible without them. Thank you to our amazing exec team, I'm so glad to have had the chance to work alongside such talented people. And thank you to everyone who has helped in their own way; booking rooms, being a video cameo, lending us equipment, or even just buying a ticket. Your support means everything to us.

We wouldn't have a show at all if we didn't have such an incredible cast. Each and every one of our cast members is part of a huge team pouring in a massive amount of effort to pull off something absolutely ridiculous. Thank you to Aaron and Anna who deserve all the praise in the world, to SkyCity for bearing with us through crazy pandemic times and to everyone who has supported our cast.

Okay, enough yabbering - we hope you enjoy the show. Up and out!

Jordyn Chan - Executive Producer

You're in good company

MAS was originally set up by doctors in 1921, and still has the same member-first approach when welcoming Members from other professions like yours. We have insurance and investment services designed to protect everything that's important to you.

A mutual membership based society

As a mutual we're a bit different to others. MAS Members are at the centre of everything we do and exceeding Members' expectations is part of the reason MAS is the Consumer New Zealand's People Choice since 2016 across house, contents, car, and life insurance. It's also why we've implemented a socially responsible investment approach.
